

EU Project Partnersearch

NAME OF PROJECT:	"Moving Green" - Take your chance and make Europe go green!
EU-PROGRAMME:	Erasmus+: Youth in Action - Key Action 1 – Mobility of Individuals
CONTACT PERSON / INSTITUTION	Jugend:info NÖ - Information Centre Lower Austria Mrs. Brigitte Hagenauer, Brigitte.hagenauer@jugendinfo-noe.at
APPLICATION DEADLINE:	01 October 2014
PROJECT DESCRIPTION / OBJECTIVES:	<p>To ensure our next generations the possibility of living a good life, it's important to raise awareness for environmental protection and show a way how each and one of us can make a change.</p> <p>Thus in summer 2015 we want to give young people from six different countries (max. 5/country) the chance to learn basics about sustainability, how it can be integrated in one's everyday-life and to organize a green sports event in the end of the week.</p> <p>With workshops about green events, project management and sustainability generally the participants get an insight into the subject. But it's not all about theory: We want to ensure a very practical approach, so that young people can contribute their own ideas and conceptions – by for example letting them organize their own green disc golf tournament in the end of it. Furthermore we try to arrange parts of the project environment sustainable, by for example going to places by bike, respectively using public transport, as far as possible.</p> <p>The fun definitely is not missed out, as there'll be excursions, trips and an intercultural evening as well.</p> <p>So take action and start move in green!</p>
ACTIONS PLANNED:	Advanced Planning Visit in Lower Austria in April/May 2015 . 6 days of workshops in July 2015
